

HARDI Trailing range of 200, 300 and 400 litre ATV Sprayers

HARDI Trailing range of 200 and 300 litre ATV Sprayers

Capacity and versatility

Excellent floatation single axle configurations with 3 to 4 metre wide booms take advantage of the larger spray tasks and wet conditions. Simply hitch up the drawbar connect the 12 Volt power supply and go spraying. Pressure regulation provides for precision control to maximise spraying performance. The 3-Way distribution is ideal for small boom section control and the 60S spray gun delivers adjustable spray patterns in a robust light weight design.

Featuring:

- 60S spray gun and 6 metre hose
- Polyethylene graduated tanks
- External suction filter
- Flojet diaphragm pump with fuse protection
- Pressure regulation, gauge and 3-way boom distribution
- Heavy duty chassis with floatation tyres

Model	Part number	List Price
